Lodging of Consent Decree Pursuant to the Comprehensive Environmental Response, Compensation and Liability Act

In accordance with Departmental policy, 28 CFR 50.7, notice is hereby given that a proposed Amendment to Consent Decree in *United States v. Sherwood Medical Company, et al.*, Civil Action No. 91-802-CIV-ORL-20 was lodged on October 4, 1993, with the United States District Court for the Middle District of Florida, Orlando Division. This amendment incorporates into the existing Consent Decree for the Sherwood Medical Superfund Site in Deland, Volusia County, Florida ("Site") the performance standards for groundwater, institutional controls, and other requirements set forth in a final Record of Decision ("Final ROD") executed by EPA on October 6, 1992.

EPA had previously executed an Interim Action Record of Decision ("Interim Action ROD") on March 27, 1991, which set forth the interim remedy of a groundwater pump and treat system to contain a plume of contamination in the surficial aquifer underlying the Site.
